Subject: RE: DIsconnections

I've been working on this with Helen's team on this. We have met with TURN and ORA once, which was productive, and we are in a data-sharing phase now. We hope that we can wrap up our negotiation in early January. I will ask the group again about a short extension of the practices from the disconnection decision.

Extended for 90 days ? I don't know why we would oppose that. Sid - can you check with Helen's folks if they have a problem ?

I'm worried about the Dec 31 sunset on the 2010 decisions and wonder if it should be extended while you're talking about what should follow.
