Employees and Contactors

We apologize for the cold office temperatures this morning at 77 Beale. The cause has been traced to late-starting boilers and we have addressed the issue so this will not reoccur.

Given the forecast for continued cold temperatures, we remind you to consider this on your commute, whether driving, riding a bicycle, waiting for public transportation, or walking. Dress warmly and take precautions, especially for icy conditions.

If you have concerns, please contact us by calling the Facilities Management Office at 223-9000, ext. 2, or by emailing by clicking here <mailto:Facilitiesmanagementoffice@pge.com> .
