The world would be a better place if you collected more from her.

I've learned she was a telco advisor for Commr Simon towards the end of his tenure. Need you know more?

One other thing ... she's expressing annoyance that the flyer wasn't crystal clear that only ORA support staff were fully subsidized, but by her sig bloc, she is a PURA 4 or 5, and her rate would have been above the "guest" rate. But I'm not going to try to have a rational argument with a former Simon advisor. Her arguments are moot! No REFUND! :)

This woman is not all there & I'm not responding. From this note am I to assume she was there to witness us buying extra food when the supplies went low? If so, then she would have been there when the food came out. We set it so there would be some reserve just in case – I was hoping it would be seed money for next year's party, but it turned out we needed it. We spent all of it.
