Classic. I love the ones that almost make sense to send out.

A Message From Administrative Services: Restack Construction project

Please be advised that the location of ADA parking spots will be temporarily changed for Friday, December 27, to allow for restriping of the current ADA parking spaces. This is a one day change only, so if you have need for ADA parking that day, and have a valid blue placard, please see the garage attendant for direction. It has been determined that the temporary ADA parking will be where the Commissioners normally park. On Monday December 30, 2013 the ADA parking will be available for use at its usual location.
