Subject: RE: Meeting with PG&E and High Speed Rail

Karl/Marian,

Just checking in that HSR is on board with a meeting at PG&E headquarters (245 Market Street) from 1-4 PM at 12/16. I know that PG&E will need the actual names from HSR.

Will you be bringing your CEQA consultants from ICF Consulting (if they are still working on your CEQA)?

Will anyone from the HSRA authority (staff) be able to join?

Molly

Kate,

Thanks for reserving your 245 Market building space for the 16th. We should plan on a long meeting. Can we touch base on Tuesday or Wed. next week on agenda? I know you talked to Bill and you were going to try to coordinate internally.

Marian and Karl – Are you all confirmed from your side in terms of attendees? I may have missed an email.

Molly

All,

I have reserved space at PG&E's 245 Market building on the 14th floor (we no longer have space over at Opera Plaza) and confirmed that our key attendees can make the meeting on December 16th. Molly, Mary Jo or Bill, please call me at your convenience to discuss an agenda in further depth this week.

Thanks,
Kate

Sounds good. I have reserved a room at CPUC West from 1-4. We may end up at PG&E

which is fine but given our dearth of conference rooms, I wanted to have a backup plan.

Happy to help.

Based on a quick look of calendars, it looks like 12/16 will work well. Let's hold that date and I will confirm early next week.

Best,

Kate

Subject: Meeting with PG&E and High Speed Rail

Kate,

I'm writing to suggest a meeting between CPUC and High Speed Rail and PG&E on December 16th. We'd like to convene the interconnection, transmission planning, and environmental planning personnel from PG&E to discuss PG&E's upcoming need for interconnections to PG&E's system. It appears to me at this point that PG&E may need to file an application to permit the PG&E facilities/upgrades required to support the High Speed Rail interconnections. Seeking clarity for all parties about the tasks that lie ahead – and who will do them, I'd like to seek your help to set up this meeting. I tentatively talked to HSR about December 16th for a large, multi-hour multiparty meeting. We would probably do this meeting at PG&E or at the CPUC.

Does that date look possible? If so, we can discuss an agenda in more detail early next week.

Thanks,
Molly
