Thanks Liza, it is nice to hear about the discussions PG&E is holding with the counties. I would like to see the presentation and learn more about their efforts. I look forward to coordinating with them on this.

**Subject:** PG&E Emergency Preparedness and Response

Stephanie,

I met with PG&E today regarding their Emergency Preparedness and Response program. Something that I thought you might be interested in came up – PG&E is holding discussions with counties in their territory on this subject. I thought that this might be a great opportunity for your team to coordinate with PG&E and maybe get engaged. I'm copying the PG&E team here so that you could discuss with them directly and maybe they can also send you a copy of the presentation that they presented to us today.

Kind Regards,

Liza
