Order Instituting Rulemaking to Continue Implementation and Administration of California Renewables Portfolio Standard Program.	Rulemaking 11-05-005 (May 5, 2011)

WITHDRAWAL OF
PETITION OF THE SOLAR ENERGY INDUSTRIES ASSOCIATION
FOR MODIFICATION OF DECISION 13-05-034

In accordance with Rule 16.4 of the Rules of Practice and Procedure of the California

Public Utilities Commission (Commission), the Solar Energy Industries Association (SEIA),[1]

hereby withdraws its Petition for Modification of Decision 13-05-034 Adopting Joint Standard

Contract for Section 399.20 Feed-In Tariff Program and Granting, in part, Petitions for

Modification of Decision 12-05-035 (ReMat Decision),which was filed in the above captioned

proceeding on November 15, 2013.

SEIA filed its Petition for Modification of the ReMat Decision in order to secure

transparency of the ReMat project queue which had been established by each investor owned

utility (IOU). Specifically, SEIA sought changes to the Decision to ensure that the IOUs would

afford developers sufficient information regarding their respective positions in the queue to allow

developers to make a reasoned determination as to the economic advisability of remaining in the

queue.

Since filing the Petition, SEIA has been in contact with the IOUs regarding their intent to

make queue information available to developers. SEIA has confirmed that the information

which the IOUs have committed to providing will be sufficient for a developer to determine the

economic viability of remaining in the queue. Accordingly, SEIA seeks to withdraw its Petition

for Modification of Decision 13-05-034.

Respectfully submitted this 12th day of December, 2013 at San Francisco, California.
