Subject: Re: follow up on meeting

Thank you, All, for coming in yesterday.

Yes, I would be interested in a deeper dive on the load duration curve and learnings from East Coast. I don't want to take up too much of your time, so at your leisure over the next few weeks.

-Audrey

Subject: follow up on meeting

Hi Audrey,

It was good meeting with you yesterday. I hope you found the information helpful.

If you would be interested in following up on the meeting or discussing other topics, please let us know.

A couple of things it sounded like you might be interested in were: a deeper dive on the load

duration curve or Duck curve with Antonio and more information (or contacts) from the recent trip PG&E took to the East Coast ISOs/RTOs.

If you'd be interested in following up on those or other topics we'd be glad to arrange.

I also attached a copy of the material we discussed if you'd like to share it around.

Thanks,
