Subject: RE: Contractor safety discussion next week?

Liza,

We are still developing the presentation material. The purpose of the meeting is to provide you with an overview of PG&E's contractor safety program. This will include a discussion of our approach to pre-qualification, contracting, contractor oversight and post job evaluation. We will discuss the status of the program and how we are doing the roll-out throughout the Company.

Attendees for PG&E will include: Gun Shim, VP of Supply Chain; Brian Cherry, VP Regulatory Relations; Linda Limberg, Senior Director of Safety; Redacted Manager of Contractor Safety; and me.

I hope this helps. Let me know if you have additional questions. I think it would be a good idea to invite Valerie and others that may be interested in contractor safety.

Erik,

Do you have an agenda/presentation that you could send me in advance? I want to gauge the purpose/content of the meeting so I can decide if there are others on my team like Valerie that I should invite.

Thanks,

Liza

Liza

Prompted by some questions from General Hagan last week, you and I talked about having a meeting on PG&E's contractor safety program. We'd like to bring a few folks in for that discussion and I was hoping we could find time on your calendar next week?

Might that be possible?

Thanks

Laura
