Yes. Dealership.

Glad she is okay. Really sucks the swagger van can't make it their on its own power.

Airbags deploy? If so, she still may want to go to doc and get checked out. Neck injuries are odd and very bad.

She should get a massage this week just in case. Foot Spa

Renata was just in an accident – she’s totally fine. It wasn’t her fault. We should get it towed to the most expensive place in the world, the Toyota dealership, right?
