Advice 4313-E-B
(Pacific Gas and Electric Company) D U39 E)

Public Utilities Commission of the State of California

Subject: Second Supplemental Filing for Advice Letter Filing of PG&E's Fourth Renewable Auction Mechanism Power Purchase Agreement

I. Purpose

In Advice Letter 4313-E ("Advice Letter"), Pacific Gas and Electric Company ("PG&E") submitted to the California Public Utilities Commission ("CPUC") four Power Purchase Agreements ("PPAs") executed as a result of its fourth Renewable Auction Mechanism ("RAM") Program auction ("Fourth RAM Solicitation"). In Advice Letter 4313-E-A, PG&E filed one additional PPA that was executed as a result of its Fourth RAM Solicitation.¹

In Advice Letter 4313-E, PG&E inadvertently did not include an version of Appendix C Valuation Process Summary and did not include the appendices for Appendix F2, the STS Hydropower, Ltd PPA. In this supplement, PG&E files the corrected Appendix C and Appendix F2.

At PG&E's August 13, 2013 Procurement Review Group ("PRG") meeting, PG&E was asked to discuss in its RAM4 Advice Letter Filing how it will take steps to reach out to developers of baseload renewable projects to encourage participation in RAM solicitations. PG&E inadvertently did not address this issue in Advice Letter 4313-E. PG&E will be holding a Bidders' Webinar to review the Fourth RAM Solicitation, discuss planned changes for the Fifth RAM Solicitation and receive feedback from the development community. The baseload issue will be one of the topics discussed at the webinar.

PG&E will use input and feedback received at the webinar to conduct outreach to the baseload developers and incorporate any needed process improvements for the Fifth RAM Solicitation. PG&E will inform the PRG participants of the status of this up item and will also inform them of this Bidders' Webinar. This will allow PRG participants further exposure to the

RAMcommunity and will provide an opportunity for additional feedback to PG&E when the next status update is provided to the PRG.

The filing would not increase any current charge, cause the withdrawal of service, or conflict with any schedule or rule.

I, Dennis L. Sullivan, declare:

1. I am presently employed by Pacific Gas and Electric Company (“PG&E”). I am a Renewable Energy Principal in PG&E’s Energy Procurement organization. In this position, my responsibilities include management of PG&E’s Renewable Auction Mechanism Power Purchase Agreements Request for Offers and finalization of the Power Purchase Agreements submitted for approval in this Advice Letter. In carrying out these responsibilities, I have acquired knowledge of such sellers in general and, based on my experience in dealing with facility owners and operators, I am familiar with the types of data and information about their operations that such owners and operators consider confidential and proprietary.

2. Based on my knowledge and experience, and in accordance with Decision (“D”) 08-04-023 and the August 22, 2006 “Administrative Law Judge’s Ruling Clarifying Interim Procedures for Complying with Decision 06-06-066,” I make this declaration seeking confidential treatment of Appendix C and F2 to PG&E’s Advice Letter 4313-E-B, submitted on January 22, 2014.

3. Attached to this declaration is a matrix identifying the data and information for which PG&E is seeking confidential treatment. The matrix specifies that the material PG&E is seeking to protect constitutes the particular type of data and information listed in Appendix 1 of D.06-06-066 and Appendix C of D.08-04-023 (“the IOU Matrix”). The matrix also specifies the category or categories in the IOU Matrix to which the data and information corresponds, if applicable, and why confidential protection is justified. Finally, the matrix specifies that: (1)

PG&E is complying with the limitations specified in the IOU Matrix for that type of data or information, if applicable; (2) the information is not already public; and (3) the data cannot be aggregated, redacted, summarized or otherwise protected in a way that allows partial disclosure. By this reference, I am incorporating into this declaration all of the explanatory text in the attached matrix.

I declare under penalty of perjury, under the laws of the State of California, that to the best of my knowledge, the foregoing is true and correct.
