Subject: CPUC Reportable Gas Incident - Orinda

PG&E was notified of a structure fire at [Redacted] in Orinda at 2212 hours on 1/12/14 and a GSR was on site at 2301 hours. No injuries or fatalities. The meter set has melted and natural gas has ignited. The flow of gas has not yet been stopped. A gas crew is en route. The cause of the structure fire has not been determined. KPIX Channel 5 was on site. The incident was reported to the CPUC at 12:33 AM on 1/13/14 because of the ignition of natural gas at PG&E facilities.
