I will check in with our risk folks, I am sure we can find a time that will work.

Shelly,

Thank you for reaching out. The year has just started, but we are already super busy – sorry for the delayed response. I would be interested in the demonstration of the risk tool. Would the next week or first week of February work?

Best,

Liza

I hope all is well and your year is off to a good start. I wanted to re-up my offer to have our risk team provide a demo of our risk tool. We have now had multiple meetings with Policy and Planning as well as a good meeting with a bunch of folks from Energy Division. Please let me know.

Regards,

Shelly
