Subject: FW: PG&E FRACMOO Comments

All,

Please find attached PG&E's comments to the CAISO on the FRACMOO working group discussion in December. It outlines our current thinking regarding the CAISO's FRACMOO process, and provides a basis for our discussion on Thursday.

I look forward to our interaction,

Peter

Fellow FRACMOO Followers,

Attached are PG&E's comments to the CAISO on December's working group discussions. We originally requested that the CAISO not post them, but subsequently asked that they be posted. The CAISO posted them today. Let me know if you have any questions.

I look forward to the next draft and the next FRACMOO meeting on January 23rd.

Best regards,

Peter
