Thanks, Brian – sorry I'm going to miss it. I can only handle one NARUC session per year . . .

Mike – thought you might enjoy some of the Gas R&D we are doing that will be presented at NARUC.

Hi,

Please find here the final version of my slide deck for the NARUC meeting on February 9th. I included your remarks and shortened it a little bit; I am scheduled for a 1 hour presentation. I can cut at any time in the list of examples if it is too long.

Thank you very much for your insights!

Best regards,
