PG&E Officers;

The purpose of this communication is to provide you with a final update on the status of Unit 1 and Unit 2 at Diablo Canyon. We appreciate your support over the last week and encourage you to reach out to me with any questions.

Current Plant Status

- Unit 1.** Unit 1 ramp commenced yesterday at 7 p.m. and safely disconnected from the grid shortly after midnight, officially entering on time our 1R18 refueling outage.

- Unit 2.** At 11:48 a.m. today, Unit 2 safely reached 100 percent power.

Thank you again for your support.
