Subject: RE: PG&E's quarterly meeting with SED

Laura,

Thanks for the reminder. Could you send me a calendar invite please? I'm not 100% sure I'll be able to come – will depend on my work load that week.

Related question – do you have a list of all cases/safety related Commission initiatives/activities that you are tracking? I'm working on a 2014 annual plan and it would be useful to cross reference to make sure that I didn't miss anything. If Meredith has something similar on the electric side, that would be fantastic also. If not – don't worry. I don't mean to create extra work for anyone.

Thanks!

Liza

Another reminder: in case you might be available, we have a quarterly meeting set up with Mike and Dennis on Monday, Feb 24 in San Ramon, from 2:30 – 5:00.

It's a meaty agenda and will include a tour of the now operational gas control center. We are really hoping to get into a cadence of quarterly meetings with your team to cover issues of mutual interest.

We will be circulating an agenda for this meeting next week and I'll include you. But if your schedule changes and you can attend this one, just let me know.

Thanks

Laura
