Liza

We are still planning to meet with you on Wednesday from 11:00- 12:30 to show you our risk evaluation tool and describe – as an example – how it integrates with our Gas Operations planning process. Janaize Markland will be in attendance from our Risk department and Jim Howe will be there from Gas Operations. Due to a potential personal conflict for me, Laura Doll may be bringing Janaize and Jim up. We will have a few handouts, so please let me know if anyone other than you will be in attendance from the Commission.

Thanks,

Shelly

Shelly,

The 5th looks good. I would prefer to free up by 130pm (I have a 2pm meeting).

Thank you!

Liza
