Subject: RE: SF - Explosive Device Report

It has been determined that the containers are filled with some sort of liquid and non-explosive. The SFFD will have their HazMat team test and dispose of the substance. PG&E was released at 1250.

We have SFFD and SFPD established an Incident Command due to a report of a possible explosive device near a gas meter set. The address is [Redacted], a 4 metered building. Area is evacuated and we have PG&E representatives at the IC for support. The device is currently awaiting bomb squad xray. We have a gas shutdown plan in hand if needed.
