Laura:

This meeting is not directly related to the current GRC. It's for a project I have been working on for a little while, but obviously information I glean from this meeting could possibly influence the current GRC PD or future GRCs.

Whew! Glad to hear that. It will be in San Ramon as we discussed. Ill send location details next week.

Can you tell me if this is GRC related or something else?
Regardless we'll have info to support the agenda.

Thanks Steve.

The 14th is really tough for the DIMP team, led by Raymond Thierry, as they have several prescheduled conflicts.

How about Feb 21 in the morning, like 9 am?
