Extending the time of response to February 21 or sooner is fine with ORA.

With regard to the 30-day response time after each quarter, we will have some internal discussion on that. If you can come up with something less than 30 days, we would appreciate it.

Thanks.

Kelly,

Per our phone conversation today, the following are our proposed dates:

1) Question 1 & Question 2: We will provide the response on the detailed summary of each customer complaint case for 2013 & the mechanisms which PG&E categorizes the CTA customer complaints **by Friday, February 21 or sooner.**

2) Question 3: We would like to request a 30-day response time (instead of 15 days as stated in Q.3 of ORA's data request) for the new quarterly report on the complaint case data.

Please let me know if you agree with the proposed dates.

Thank you,
