Erik, nice to "meet" you. Do you have time to talk early next week? I'm interested in speaking with you regarding the LCFS and process of creating credits through the utility sales of electricity to residential customers. Please let me know what would work for you. Thanks, Kristin.

Hi Kristin,

Erik is covering these issues and will connect you with the right people and can track down any information that you need.

Thanks,  
Meredith

Hi Meredith, hope all is well with you. Can you recommend someone to talk to regarding the LCFS program and the process for creating credits in that system from electric vehicles? Thanks!
