	FW: PG&E Tree Root Interference Assessment
Liza, Terrie and Sunil	
Inc. after	copy of the final report by the consulting firm of Dynamic Risk Assessment Systems they concluded a study to determine the effects of tree roots on a variety of PG&E sion pipelines.
	orking on a one page summary that will be more accessible for public consumption, end that along when we have it.
Sunil, you	u had asked for this report when we met a couple weeks ago.
The City	of Walnut Creek received a copy of it today as well.
We're ha	opy to set up a discussion of this research and analysis if that's of interest.
Thanks	
Laura
