Subject: RE: City of San Carlos and PG&E joint letter

Excellent! I have thought from the beginning that this problem was best solved by improved communication and I'm delighted to see that it is happening.
Thanks to Tom and all involved for the hard work of rebuilding trust!

Mike – Tom and I wanted to share with you the joint letter we sent to customers with the City of San Carlos. We are really trying to work cooperatively with the City and it seems to be working well. With regards to certain other issues with the City, we hope to have a favorable resolution that we both can live with but still need to work out the details once things settle down.

Subject: City of San Carlos and PG&E joint letter

Team: Attached is the final joint letter from PG&E and the City of San Carlos to all customers within San Carlos. This letter talks about collaboration and moving forward on our pipeline safety work. We will also be hosting a joint open house with the City to inform residents of

our efforts.

Many thanks to you and your teams for the coordination to insure this progress.

Travis
