(Filed March 22, 2012)

NOTICE OF EX PARTE COMMUNICATION

In accordance with Rule 8.4 of the Commission's Rules of Practice and Procedure, San Diego Gas & Electric Company (SDG&E) (U-902-E) hereby gives notice of the following *Ex Parte* communications in the above proceeding.

On Monday, March 10, 2014 at 11:00 a.m. in the Commission's offices in San Francisco, Rob Anderson, Director of Resource Planning, and Billy Blattner, Manager of Regulatory Relations for SDG&E, met Carol Brown, Chief of Staff, and Brian Stevens, Advisor to Pres. Peevey. At 11:30 a.m., Mr. Anderson and Mr. Blattner met with Sepideh Khosrowjah, Chief of Staff, and Marcelo Poirier, Advisor to Commissioner Florio. The meetings were initiated by SDG&E to discuss the proposed decision (PD) in Track 4 of the above proceeding. Communication was oral and substantially similar in both instances.

Mr. Blattner stated that SDG&E generally supports the PD as well-reasoned and well-crafted. Mr. Anderson explained, however, that the PD should recognize that the calculation of local needs in San Diego is based on conservative assumptions and included over 400 MW of new incremental preferred resources in the baseline of existing available supply. Mr. Blattner stated that SDG&E supports the state's Loading Order and actively procures preferred resources to meet or exceed the goals laid out in the Commission's various preferred resource programs.
