**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the Commission's Own Motion to Conduct a Comprehensive Examination of Investor Owned Electric Utilities' Residential Rate Structures, the Transition to Time Varying and Dynamic Rates, and Other Statutory Obligations.

Rulemaking 12-06-013
(Filed June 21, 2012)

SAN DIEGO GAS & ELECTRIC COMPANY'S (U 902 E) PROOF OF COMPLIANCE WITH RULE 13.1 OF THE COMMISSION'S RULE OF PRACTICE AND PROCEDURE

Pursuant to Rule 13.1 of the Commission's Rules of Practice and Procedure, San Diego Gas & Electric Company ("SDG&E") hereby submits evidence of its compliance with Rule 13.1(b). Rule 13.1(b) requires that when a utility files an application to increase rates and hearings are scheduled, notice of the hearings is to be posted in public places and published in newspapers of general circulation in the areas in which the increase is proposed to be made effective. Proof of publication and sample copies of the notices are to be filed within 10 days after publication. While SDG&E's Supplemental Filing In Support of Phase 2 Interim Rate Changes ("Phase 2 Supplemental Filing"), revised and submitted on January 28, 2014, is not categorized as an application, Administrative Law Judge ("ALJ") Jeanne M. McKinney clarified in an electronic ruling issued on November 14, 2014 that "the documents filed should contain the same elements as an application, but should be made as a Supplemental Filing in R.12-06-013," and that the utilities should comply with the portions of the Commission's Rules of Practice and Procedure that would apply to a utility filing an

application to raise rates. Accordingly, SDG&E submits this proof of compliance with Rule 13.1(b), as follows:

1. **Attachment A**, which contains SDG&E's proof of posting of the *Supplemental Filing of San Diego Gas & Electric Company (U 902M) for Phase 2 Interim Rate Changes, Rulemaking 12-06-013* for public viewing at SDG&E's business offices;
2. **Attachment B**, which contains SDG&E's proof of newspaper publications of the *Supplemental Filing of San Diego Gas & Electric Company (U 902M) for Phase 2 Interim Rate Changes, Rulemaking 12-06-013*; and
3. **Attachment C**, which contains SDG&E's *Notification of Supplemental Filing of San Diego Gas & Electric Company (U 902M) for Phase 2 Interim Rate Changes, Rulemaking 12-06-013*.

Respectfully submitted this 21st day of March 2014.

Respectfully submitted,

By: /s/ Thomas R. Brill

**NOTICE OF EVIDENTIARY HEARINGS
SAN DIEGO GAS & ELECTRIC COMPANY
REGARDING SUPPLEMENTAL FILING FOR PHASE 2 INTERIM ELECTRIC
RESIDENTIAL RATE CHANGES (R.12-06-013)**

DATE: March 24-26, 2014 - TIME: 9:30am

LOCATION: California Public Utilities Commission
Commission Courtroom
865 Van Ness Avenue, San Francisco, CA 94102

The California Public Utilities Commission (CPUC) has scheduled Evidentiary Hearings (EHs) to review the Supplemental Filing of San Diego Gas & Electric Company (SDG&E) For Phase 2 Interim Rate Changes (Supplemental Filing). As required by CPUC Rulemaking R.12-06-013, SDG&E's supplemental request may be implemented as soon as mid-2014. This filing attempts to align rates with the actual costs of providing electric service to customers and to simplify rate plans. SDG&E's Supplemental Filing includes proposed changes to residential tiered rates and the discount to California Alternate Rates for Energy (CARE) customers.

SDG&E's proposals will:

- Increase non-CARE Tier 1 rates by 1 cent/kWh (rate impacts are shown in the table below);
- If rates are increased, non-CARE Tier 1 and 2 rates would be increased by the same amount, and if rates are decreased, non-CARE Tiers 1 and 2 rates would remain the same;
- Reduce the differential between non-CARE Tiers 3 and 4 rates from 2 cents/kWh to 1 cent/kWh; and
- If rates are increased or decreased, CARE rates will be increased or decreased by the same amount.

SDG&E CARE Tier 1 and 2 rates have been subject to legislative caps and SDG&E CARE Tier 3 rates have been frozen since 2010. SDG&E's proposal would allow CARE rates to now move with any changes to rates.

SDG&E currently has rate change requests from other proceedings pending before the CPUC that will cause rates to change. SDG&E will not know the rate impact of these proposals until they are adopted by the CPUC. The table below shows SDG&E's request in this proceeding compared to current non-CARE tiered rates assuming no additional rate changes:

Usage	Current Rate (cents/kWh)	Proposed (cents/kWh)	Change (cents/kWh)	% Change
Tier 1: Up to 100% of Baseline	15.396	16.396	1.000	6.496%
Tier 2: 101%-130% of Baseline	17.776	17.776	0.000	0.000%
Tier 3: 131%-200% of Baseline	34.881	33.896	(0.884)	-2.536%
Tier 4: Above 200% of Baseline	36.881	34.896	(1.884)	-5.108%

Note: Summer rates presented.

Any changes to the dates, times and locations of the Evidentiary Hearings (EH) will be posted to the CPUC's Daily Calendar. This location is wheelchair accessible. If you plan to attend and need specialized accommodations or interpreters for this EH, please contact the Public Advisor's Office (PAO) at 1-866-848-8390 or via email at public.advisor@cpuc.ca.gov at least five business days before the hearing.

CPUC PROCESS

This filing has been assigned to two Administrative Law Judges (Judges) who will determine how to receive evidence and other related documents, necessary for the CPUC to establish a record upon which to base its decision. In this case, Evidentiary Hearings (EHs) will be held where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering the proposals and all evidence presented during the formal hearing process, the assigned judges will issue a proposed decision determining whether to adopt all or part of SDG&E's request, modify it, or deny it. The CPUC Commissioners may sponsor amendments to the decision and the proposal will be decided at a scheduled Commission Voting Meeting.

**NOTICE OF EVIDENTIARY HEARINGS
SAN DIEGO GAS & ELECTRIC COMPANY
REGARDING SUPPLEMENTAL FILING FOR PHASE 2 INTERIM ELECTRIC
RESIDENTIAL RATE CHANGES (R.12-06-013)**

DATE: March 24-26, 2014 - TIME: 9:30am

**LOCATION: California Public Utilities Commission
Commission Courtroom
505 Van Ness Avenue, San Francisco, CA 94102**

The California Public Utilities Commission (CPUC) has scheduled Evidentiary Hearings (EHs) to review the Supplemental Filing of San Diego Gas & Electric Company (SDG&E®) For Phase 2 Interim Rate Changes (Supplemental Filing). As required by CPUC Rulemaking R.12-06-013, SDG&E's supplemental request may be implemented as soon as mid-2014. This filing attempts to align rates with the actual costs of providing electric service to customers and to simplify rate plans. SDG&E's Supplemental Filing includes proposed changes to residential tiered rates and the discount to California Alternate Rates for Energy (CARE) customers.

SDG&E's proposals will:

- Increase non-CARE Tier 1 rates by 1 cent/kWh (rate impacts are shown in the table below);
- If rates are increased, non-CARE Tier 1 and 2 rates would be increased by the same amount, and if rates are decreased, non-CARE Tiers 1 and 2 rates would remain the same;
- Reduce the differential between non-CARE Tiers 3 and 4 rates from 2 cents/kWh to 1 cent/kWh; and
- If rates are increased or decreased, CARE rates will be increased or decreased by the same amount.

SDG&E CARE Tier 1 and 2 rates have been subject to legislative caps and SDG&E CARE Tier 3 rates have been frozen since 2010. SDG&E's proposal would allow CARE rates to now move with any changes to rates.

SDG&E currently has rate change requests from other proceedings pending before the CPUC that will cause rates to change. SDG&E will not know the rate impact of these proposals until they are adopted by the CPUC. The table below shows SDG&E's request in this proceeding compared to current non-CARE tiered rates assuming no additional rate changes:

Usage	Current Rate (cents/kWh)	Proposed (cents/kWh)	Change (cents/kWh)	% Change
-------	-----------------------------	-------------------------	-----------------------	----------

Tier 1: Up to 100% of Baseline	15.396	16.396	1.000	6.498%
Tier 2: 101%-130% of Baseline	17.778	17.778	0.000	0.000%
Tier 3: 131%-200% of Baseline	34.881	33.996	(0.884)	-2.536%
Tier 4: Above 200% of Baseline	36.881	34.996	(1.884)	-5.109%

Note: Summer rates presented.

Any changes to the dates, times and locations of the Evidentiary Hearings (EH) will be posted to the CPUC’s Daily Calendar. This location is wheelchair accessible. CPUC PROCESS

This filing has been assigned to two Administrative Law Judges (Judges) who will determine how to receive evidence and other related documents, necessary for the CPUC to establish a record upon which to base its decision. In this case, Evidentiary Hearings (EHs) will be held where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate. After considering all proposals and all evidence presented during the formal hearing process, the assigned Judges will issue a proposed decision determining whether to adopt all or part of SDG&E's request, modify it, or deny it. The CPUC Commissioners may sponsor an alternate decision and the issue will be decided at a scheduled Commission Voting Meeting.
