Thanks Javid and Laura – For now I'm just researching the value of standards in general but If it makes sense to schedule something, I'll be in touch. Perhaps what would be helpful at this point is for you to explain how the two standards interact (PAS-55 and ISO – 55000). Thanks again,

Ken

Thanks, Laura.

Ken, hope you are well and do find time to come back out here, I enjoyed our last meeting and it would be a pleasure to take you through the 2 standards

Ken
Javid tells me they are under license and we aren't authorized to share/copy/distribute them.

BUT he would be happy and interested in walking you through the PAS 55 docs as well as ISO 55000 on site in San Ramon.

Want to arrange a time in San Ramon?

Hi Laura – Do you happen to have a copy of the PAS-55 standards? If so can you send me a copy – thanks.
