Brian

As you can see below, the Assembly and Senate proclamation is a good model. And Terrie has done previous press releases.

Seems like your leg team can carry this forward?

Thanks

Laura

We'd like the Governor to make the same proclamation the Assembly and Senate passed.

The CPUC generally calls attention to the issue every April. I attached a copy of the 2013 press release.

I can try. Can you send me background materials, draft proclamation, etc?

Hi Brian –

We would really like to get a Governor's Proclamation for National Safe Digging Month – which is April – to pursue every opportunity to push public awareness about this issue.

You can see from the email chain below that many other states (including my own Texas, for heaven's sake) are doing so.

Seems like this would be something the CPUC would want to initiate? If so, it obviously needs to happen quickly.

Let me know your interest.

Thanks

Laura

Good afternoon [Redacted] and Nick-

As we prepare for National Safe Digging Month (April), PG&E is considering a proclamation from the Governor. The request has to come from a state agency. Do you know if the CPUC has any plans to pursue a proclamation?

Information about the proclamation can be found at:  
<http://www.call811.com/campaign-materials/>

36 states issued a Governor's proclamation in 2013. California was not one.
