Subject: RE: SED background

Hugely helpful.

Thanks so much.

Hi,

Here is the latest org-chart we have. It has three errors:

1. UEB and Transportation branches don't report to me (they report to Denise directly)
2. Sunil reports to Dennis Lee
3. Maria Solis's position shows as vacant (but she is actually here)

I'm also attaching a presentation I did for the Department of Finance. I don't see anything sensitive on there, so I feel free to use it if it helps. As far as # of engineers – everyone is an engineer or a senior engineer except for 3 people (2 in risk assessment and 1 generation). I believe our salary ranges are on the cpuc website. Sorry I don't have any summaries on that handy.

Hope this helps.

Liza

Liza

I am speaking with the gas ops leadership team this Thursday and I'd love to be able to have a current SED org chart if it exists. If not, no problem.

Also, do you have any kind of summary breakdown of the SED team in terms of how many engineers, average salary, etc.?

I think it would be helpful background for this group since there seem to be many misconceptions . . .

Thanks!

Laura
