FYI – I plan to go to the fracking session.

Thursday, March 20; 6:00 pm – 8:30 pm: AWWEE Presents: Fracking: Balancing Energy Demand and Environmental Protections. SPUR Center, 654 Mission St., SF. Join [AWWEE](#) for a panel discussion moderated by Arielle Harris (Downey Brand LLP). Panelists Catherine Reheis-Boyd (President of Western States Petroleum Association), Miriam Gordon (California Director of Clean Water Action) and Sara Acridge (Project Manager of the Bureau of Land Management, California State Office) will discuss oil field practices of concern, their risks, and related environmental protection measures within the context of California's energy and greenhouse gas reduction policies. The fight over the [Monterey Shale](#) raises important questions concerning how to balance California's growing demand for energy and jobs against environmental protections and the state's already stressed water supply. For more details, visit the [AWWEE event webpage](#). Email [Lisa at AWWEE](#) if you have questions or need additional information. Click the following link to access the [Outlook Calendar Invite](#) for this event. Click here to [Register](#). PG&E is a sponsor of AWWEE so attendance is free: simply select **Platinum Membership** at registration. Registration closes Tuesday, March 18.
