Re: Transmission Integrity Management Baseline Assessment Program Completion
In Accordance With 49 CFR §192.921(d)

Dear Mr. Wiese:

On December 17, 2012, PG&E completed its ten year integrity assessment plan for all high consequence area gas transmission pipelines (HCAs) as required by 49 CFR §192.921(d). These assessments encompassed approximately 935.5 miles (908 miles of PG&E pipeline and 27.5 miles of Standard Pacific Gas pipeline), identified in the Company's 2004 baseline assessment plan.

Please feel free to contact me at (925) 974-4231 or RIT4@pge.com for any additional questions you may have regarding this notification.

Sincerely,

Rolando I. Trevino
Vice President, Public Safety and Asset Integrity
