Sorry – I included Meredith Younghein (who works for me) not Meredith Allen. This was
meant to be for Meredith Allen.

Thankfully nothing confidential!

Reda et al,

We have met with Legal on this issue, and internally your proposal was given a lot of
consideration; however, we are not planning on changing our minor project modification
language.

Just wanted to close the loop with you all on this one.

Thanks!

Sure. Attached is a copy of Chapter 15 from the Embarcadero Potrero Testimony which addresses the minor project change issue and an excerpt from our original application which touched on the issue as well.

Thank you!

Thanks. Please send me, Mary Jo and Jason your testimony in Embarcadero-Portrero application case that details your legal objections to the minor project modification language.
