Subject: RE: NERC Standards

Liza,

Here is information on drafting team and overall timeline. The first draft will be issued for stakeholder comments on 4/7 and comments are due within 15 days, 4/22.

Thanks,  
Meredith

1) There are eleven members on the drafting team. Susan Ivey - Excelon is the chair and Lou Oberski - Dominion is the vice chair. The other members are PG&E, SCE, National Grid, Kansas City Power & Light, FPL, Southwest Power Pool, Tri-State Gen & Tran Association, Capital Power, and Santee Cooper.

2) This is a fast moving process since NERC has until June 5, 2014 to respond to FERC. Here is the high level preliminary schedule:

- \* March 24 – drafting team kickoff call
- \* March 28 – 1<sup>st</sup> drafting team conference call
- \* April 1 – Technical Conference in Atlanta
- \* April 2 to 4 – drafting team meeting in Atlanta
- \* April 7 – 1<sup>st</sup> Draft reliability standard posted for 15-day stakeholder comment follow by a 5-day initial ballot
- \* April 30 to May 1 – If needed, drafting team meeting in Atlanta
- \* 1<sup>st</sup> week of May – If needed, additional draft and additional ballot
- \* June 5 or earlier – NERC submit proposed standard to FERC

Meredith,

Could you remind me what is the timeline for NERC draft & comments in April?

Liza
