**NOTIFICATION OF EVIDENTIARY HEARINGS REGARDING PACIFIC GAS AND ELECTRIC COMPANY'S
SUPPLEMENTAL FILING FOR SUMMER 2014 RESIDENTIAL ELECTRIC RATE REFORM (R.12-06-013, Phase 2)**

March 24-26, 2014 from 9:30 a.m. – 4:00 p.m. at the address below:

**California Public Utilities Commission Courtroom, State Office Building, 505 Van Ness Avenue
San Francisco, CA 94102**

On January 28, 2014, Pacific Gas and Electric Company (PG&E) provided the California Public Utilities Commission (CPUC), a supplemental request to change residential rates, to be effective summer of 2014. PG&E's request complies with a ruling from the CPUC inviting electric utilities to file proposals that will better align rates with the actual costs of providing electric service and to simplify rate plans.

ABOUT THIS PROPOSAL

On October 7, 2013, Assembly Bill 327 (AB 327) was signed into law. This new law authorizes the CPUC to consider several changes to California's electricity rate structure. Through this filing, PG&E is requesting approval to begin reforming its residential electric rate structure consistent with AB 327.

PG&E's summer 2014 rate reform proposal includes:

- Increases to tier 1 and tier 2 rates to provide for decreases for tier 3 and 4 rates for standard residential and time-of-use rate plans.
- Increases to tier 1, 2, and 3 rates for residential customers on the California Alternate Rates for Energy (CARE) program. This proposed change is an initial step to reduce the CARE discount to bring the discount closer to the 30-35 percent range required by AB 327.

The chart below illustrates the proposed changes in rates.

	Non-CARE			CARE		
	Current (\$/kWh)	Proposed (\$/kWh)	Proposed Rate Change	Current (\$/kWh)	Proposed (\$/kWh)	Proposed Rate Change
Tier 1	\$0.136	\$0.147	\$0.011	\$0.086	\$0.091	\$0.005
Tier 2	\$0.155	\$0.170	\$0.015	\$0.099	\$0.104	\$0.005
Tier 3	\$0.314	\$0.286	-\$0.028	\$0.14	\$0.148	\$0.008
Tier 4	\$0.354	\$0.346	-\$0.008			

PG&E's proposal will not change the amount of total revenues PG&E collects. A residential customer living in climate zone X and using 550 kWh per month would see a monthly increase of \$9.95 (or 11 percent) from \$89.81 to \$99.76. If approved by the CPUC, some residential customers would see bill increases and others will see bill decreases, depending upon their monthly usage levels and their rate plan.

EVIDENTIARY HEARINGS

Evidentiary hearings are scheduled for this proceeding. At the hearings, PG&E and other formal parties to the proceeding present their evidence through testimony and are subject to cross-examination before an Administrative Law Judge. **The hearings are open to the public, but only those who are formal parties are permitted to present evidence and/or cross-examine witnesses.** After considering all proposals and evidence presented during the formal process, the Judge will issue a proposed decision which may accept PG&E's proposal, modify it or reject it. The Commissioners may also issue alternate decisions based on the record. The proposed decision and any alternates will be acted upon at a CPUC voting meeting where the Commissioners will decide whether to adopt the proposed or an alternate decision.

The Commission Courtroom is wheelchair accessible. If you wish to attend and need specialized accommodations, please contact the Public Advisor's Office at least three business days prior to the hearing date. **Any changes to the dates, times, and locations of the hearings will be posted to the CPUC's Daily Calendar.**

If you would like a copy of PG&E's supplemental filing and exhibits, please write to: PG&E, Residential Rate Reform (R.12-06-013, Phase 2) P.O. Box 7442, San Francisco, CA 94120. PG&E's supplemental filing (without exhibits) is available on the CPUC's website at www.cpuc.ca.gov/puc.
