Stephanie is the Director of corporate security. Stephanie, have you had a chance to reach out to James on this issue?

James Cheng (916) 832-3100

Importance: High

Hi Steve,

I am forwarding my Supervisors' response to the concerns regarding the Security Survey.

Please let me know when and how we can proceed.

Sincerely,
Jim Cheng
CPUC UE

Subject: RE: Security Survey

Hi Jim,

I looked more into this. regarding PG&E's concern that the info can get into the wrong hands, please tell them that ALL information disclosed to the Commission does NOT become public. The Commission would never release anything that may potentially jeopardize a plant's safety. In addition, PG&E can request the info be treated confidentially per GO 167 § 15.4.3

Thanks,
Rick
