Subject: RE: R.13-09-011, demand response, SCE response to Sierra Club et al motion for extension of time for testimony and workshops

Your Honor and Parties,

CLECA strongly supports SCE's requested 6 week extension and respectfully asks that SCE's request be granted. The ability of parties to potentially narrow issues through workshops prior to testimony and hearings would be welcomed.

CLECA has also supported the initial request for a three-week extension of the Sierra Club, TURN, NRDC, EDF and Clean Coalition. SCE's proposed 6 week extension would, however, potentially enable further narrowing of the issues with the additional workshops proposed by SCE.

Thank you,
Nora Sheriff
Counsel to CLECA

Dear ALJ Hymes,

Pacific Gas and Electric Company agrees with SCE's further request to consider extending the time to submit prepared testimony by 6 weeks and for additional workshops, contained in SCE's response to the motion of Sierra Club, TURN, Natural Resources Defense Council, Environmental Defense Fund, and Clean Coalition for an extension of time. As stated in Ms. Gandesbery's e-mail of April 10, 2014, PG&E supports the Sierra Club, et al, request, but additionally, PG&E agrees with SCE's request for a longer extension.

Thank you for your consideration of SCE's request and PG&E's support. (note, I am resending this message, to reflect the correct e-mail for ALJ Hymes.)

Subject: Re:

SCE supports the motion and further requests that ALJ Hymes consider extend=
ing the time to file prepared testimony by 6 weeks to allow for workshops o=
n:

- * Goals for DR
- * Program budget application process
- * Back up generation
- * Cost-effectiveness protocols
- *

These additional workshops would allow parties time to try to reach consens=
us on many of the issues, thereby reasonably reducing the scope for testimo=
ny and evidentiary hearings. Extending the schedule by an additional 6 wee=
ks would still allow for sufficient time to resolve the issues in this proc=
eeding by the end of this year.

Subject: R.13-09-011-Demand Response-Sierra Club et al motion for extension=

=3D

of time for testimony, & for DRAM workshops

Dear Judge Hymes,

Pursuant to Rule 11.6 of the Commission's Rules of Practice and on behalf of parties to R. 13-09-011 Sierra Club, TURN, Natural Resources Defense Council, Environmental Defense Fund, and Clean Coalition, we respectfully request that:

- * the time to file prepared testimony be extended by 3 weeks, from May 6 to May 27 for opening testimony, and from May 20 to June 10, 2014 for rebuttal testimony;

- * one or more workshops be scheduled to encourage collaborative discussions on DRAM before parties file testimony on that topic; and

- * the remainder of the proposed schedule for evidentiary hearings, if needed, and for opening and reply briefs be extended accordingly.

This motion is based on discussions and broad consensus among many of the parties, including those listed above and others, that the schedule proposed in the April 2 Revised Scoping Memo does not provide adequate time for parties to thoughtfully address a wide range of complex topics, and that not all parties have the resources or in-house expertise to meet the deadlines proposed in the April 2 Ruling.

We also believe that some of these topics (including, but perhaps not limited to the Demand Response Auction Mechanism, or DRAM) can benefit significantly from collaborative discussions to inform stakeholders and narrow any contested issues for subsequent testimony. This is especially true for DRAM, since many of the parties to this proceeding were not involved in the several years of development of the renewable auction mechanism (RAM) proposed as a starting point for DRAM; have not participated in RAM auctions; and

Subject: R.13-09-011-Demand Response-Sierra Club et al motion for extension of time for testimony, & for DRAM workshops

Dear Judge Hymes,

Pursuant to Rule 11.6 of the Commission's Rules of Practice and on behalf of parties to R. 13-09-011 Sierra Club, TURN, Natural Resources Defense Council, Environmental Defense Fund, and Clean Coalition, we respectfully request that:

- the time to file prepared testimony be extended by 3 weeks, from May 6 to May 27 for opening testimony, and from May 20 to June 10, 2014 for rebuttal testimony;
- one or more workshops be scheduled to encourage collaborative discussions on DRAM before parties file testimony on that topic; and
- the remainder of the proposed schedule for evidentiary hearings, if needed, and for opening and reply briefs be extended accordingly.

This motion is based on discussions and broad consensus among many of the parties, including those listed above and others, that the schedule proposed in the April 2 Revised Scoping Memo does not provide adequate time for parties to thoughtfully address a wide range of complex topics, and that not all parties have the resources or in-house expertise to meet the

deadlines proposed in the April 2 Ruling.

We also believe that some of these topics (including, but perhaps not limited to the Demand Response Auction Mechanism, or DRAM) can benefit significantly from collaborative discussions to inform stakeholders and narrow any contested issues for subsequent testimony.

This is especially true for DRAM, since many of the parties to this proceeding were not involved in the several years of development of the renewable auction mechanism (RAM) proposed as a starting point for DRAM; have not participated in RAM auctions; and

could gain important perspectives from other entities experienced with RAM, before considering adoption of RAM-like protocols or standard contracts in the demand response context.

We appreciate the importance of moving this docket along as quickly as possible to provide the utilities and the CAISO with the tools they need to address important changes in California's energy markets. We believe that these requests will help achieve that,

while providing a more robust record for Commission action. To help expedite this process, we invite others on the service list to respond via email with their support or objections to these requests by the close of business tomorrow, Friday, April 11.

Respectfully submitted,

John Nimmons

Pacific Gas and Electric Company agrees with

SCE's further request to consider extending the time to submit prepared testimony by

6 weeks and for additional workshops, contained in SCE's response to the motion of Sierra Club, TURN, Natural Resources Defense Council, Environmental Defense Fund, and Clean Coalition for an extension of time. As stated in Ms. Gandesbery's e-mail of April

10, 2014, PG&E supports the Sierra Club, et al, request, but additionally, PG&E agrees with SCE's request for a longer extension.

Thank you for your consideration of SCE's request and PG&E's support. (note,

I am resending this message, to reflect the correct e-mail for ALJ Hymes.)

These additional workshops would allow parties time to try to reach consensus on many of the issues, thereby reasonably reducing the scope for testimony and evidentiary hearings.

 Extending the schedule by an additional 6 weeks would still allow for sufficient time to resolve the issues in this proceeding by the end of this year.

<tt>Subject: R.13-09-011-Demand Response-Sierra Club et al motion for extension

<tt>of time for testimony, & for DRAM workshops

<tt>Dear Judge Hymes,

<tt>Pursuant to Rule 11.6 of the Commission's Rules of Practice and on behalf of

<tt>parties to R. 13-09-011 Sierra Club, TURN, Natural Resources Defense Council,

<tt>Environmental Defense Fund, and Clean Coalition, we respectfully request

<tt>that:

<tt>the time to file prepared testimony be extended by 3 weeks, from May 6 to

<tt>May 27 for opening testimony, and from May 20 to June 10, 2014 for rebuttal

<tt>testimony;

<tt>one or more workshops be scheduled to encourage collaborative discussions

<tt>on DRAM before parties file testimony on that topic; and

<tt>the remainder of the proposed schedule for evidentiary hearings, if needed,

<tt>and for opening and reply briefs be extended accordingly.

<tt>This motion is based on discussions and broad consensus among many of the

<tt>parties, including those listed above and others, that the schedule proposed

<tt>in the April 2 Revised Scoping Memo does not provide adequate time for parties

<tt>to thoughtfully address a wide range of complex topics, and that not all

<tt>parties have the resources or in-house expertise to meet the deadlines proposed

<tt>in the April 2 Ruling.

<tt>We also believe that some of these topics (including, but perhaps not limited

<tt>to the Demand Response Auction Mechanism, or DRAM) can benefit significantly

<tt>from collaborative discussions to inform stakeholders and narrow any contested

<tt>issues for subsequent testimony. This is especially true for DRAM, since

<tt>many of the parties to this proceeding were not involved in the development

ral years of development of the renewable auction mechanism (RAM) proposed as a starting point for DRAM; have not participated in RAM auctions; and could gain important perspectives from other entities experienced with RAM, before considering adoption of RAM-like protocols or standard contracts in the demand response context.

We appreciate the importance of moving this docket along as quickly as possible to provide the utilities and the CAISO with the tools they need to address important changes in California's energy markets. We believe that these requests will help achieve that, while providing a more robust record for Commission action. To help expedite this process, we invite others on the service list to respond via email with their support or objections to these requests by the close of business tomorrow, Friday, April 11.

Respectfully submitted,

John Nimmons
