I'd hate to put this off several weeks. Perhaps I can brief Lisa and Ray first and then give you a formal briefing when you are back up here ?

That doesn't work for him unfortunately. Will you be in LA all of the following week ? If not, perhaps I can see what other dates he is available.

Denise – are you available on the morning of April 22 or 25 ? I'd like to bring in our VP of Transmission to discuss a problem we have encountered with the installation of surge arrestors that goes back several decades. You might also want to include Liza and Ray if they are available.
