R.13-09-011
(Filed September 19, 2013)

**NOTICE OF AVAILABILITY OF SAN DIEGO GAS & ELECTRIC COMPANY
(U 902 E) OF LOAD IMPACT REPORTS, EXECUTIVE SUMMARY, AND TABLES**

San Diego Gas and Electric Company ("SDG&E") serves this Notice of Availability pursuant to Rule 1.9 of the California Public Utilities Commission's (Commission) Rules of Practice and Procedures of the load impact reports, executive summary, and tables that were filed on April 1, 2014. This Notice is being served on the Service List for this proceeding and the current Demand Response Order Instituting Rulemaking (R.13-09-011). The appendices that support SDG&E's 2015 Request exceed 3.5 megabytes and will not be served electronically on the service lists. Due to the size of SDG&E's appendices, pursuant to Rule 1.9(c) of the Commission's Rules of Practice and Procedure, SDG&E is serving this Notice of Availability on all interested parties.

The appendices listed in Attachment 1 are available on SDG&E's website and may be accessed as follows:

- Go to www.sce.com/applications;
- Under "CPUC Open Proceedings," type R.13-09-011 into the search box;
- Click "GO;"
- From the Search Results screen, click the icon in the "Attachment" column that corresponds to the document you want to view;
- The documents are presented in Adobe Acrobat (pdf) format and can be viewed online, printed, or saved to your hard drive.

The final load impact reports are being made available for review and comment by parties in accordance with Load Impact Protocol 27 adopted in Decision 08-04-050. SDG&E also has demand response programs that are included in state-wide reports or programs that exist at more than one utility and were evaluated across all three utilities. The state-wide reports for these programs also are being distributed by Southern California Edison Company this year. As an alternative to accessing the appendices on SDG&E's website, SDG&E will provide a copy by diskette(s) of the appendices to any party upon request. Please direct a request for a copy of

these materials to Annlyn Faustino. Ms. Faustino can be reached at 858-654-1148 or afaustino@semprautilities.com.

Dated: April 1, 2014

Respectfully submitted
