Subject: RE: Additional tree root study

Thanks Laura et. al. for sitting down with us and discussing tree root interference and associated work planning. Thanks for the additional material as well.

Ken

Suman, Steve and Ken –  
Thanks for coming out to San Ramon last Wednesday to discuss tree root interference threats with Bennie and Patrick Vieth and [Redacted]

You had previously received the January 2014 report done by Dynamic Risk Assessment Systems Inc., and we committed to get you the previous one from April 2013. It's attached.

We look forward to continued discussions about this important issue.

Thanks again,  
Laura
