I think it will be at the Pacific Energy Center and I expect it to be in the morning . . . still trying to get them to get the notice out!

Jeez, you couldn't have gone to the even 100 page mark???

I'll keep May 12 penciled in for now. Let me know more details as you get them.

Thanks

Michael

Michael

We talked last Thursday about a GTS overview. How about 95 pages of PowerPoint??

This link gets you to the workshop presentation we used on January 16 with parties.

I believe we will be announcing a risk workshop that ties to this for May 12 – really hope you can get to that.

Thanks

Laura
