Subject: Follow up

Eric:

The last meet we meet you mentioned time that you would like to have a meeting with my northern staff to explain what the role of Jay's group is and the how it operates. I believe that this would be a good meeting so that all my staff understands the processes on the PG&E side. My entire northern California section is current free the following weeks:

- [Redacted] April 21 – 25
- [Redacted] May 19 – 23

April 22 – 24, currently are the best days for me. Let me know if those dates work for you and others at PG&E.

Sincerely,

Raymond G. Fugere, P.E.
