Still at work. I just can't believe a "medical emergency" can shut down a whole train line. Pull the fella out of the train and wait for paramedics. Passengers can step over him in the interim, right?

How many "medical emergencies" are there as people drive over the Bay Bridge ... and is the best plan to stop the car in the lane and take that lane out of service?

Reply-To: <updates@subscriptions.bart.gov>

There is a station closure at Montgomery St. on the Daly City Line in the SFO, Millbrae, Daly City and East Bay directions due to a major medical emergency.
