Gurbux,

PG&E would like to schedule a conference call with you to respond to your Friday email regarding any CCA Code of Conduct violation. Would you be available tomorrow between the times of 9 to 10 am or 3 to 5 pm? The call should be less than 30 minutes.

Gurbux – thank you for the heads-up. I will reach out to someone here that you can talk to. I should note that while many of our employees are represented by the IBEW, we play no role in their activities regarding CCA or other advocacy activities.

Brian, please see the e-mail chain below and the attachment. We need to urgently make sure that PG&E is not in violation of the code of conduct. Please look into this and have the appropriate person at PG&E give me a call. Thanks for your prompt attention to this.

Paul,

As per my voice message yesterday, an email message from the IBEW 1245 was distributed throughout our community late Wednesday afternoon and is now circulating

broadly. The email message is directly linked to PG&E's anti-CCA activity and is a clear violation of the Code of Conduct. It is filled with very inaccurate and misleading information and is having real-time impacts on our customer base. As described in the attached letter, we are asking for specific action to be taken as soon as possible to avoid continued impacts to our customer base.

Thanks very much and please let me know if you have any questions.

Dawn
