Subject: RE: Mobile-Home Parks?

Molly --

Thanks for the response.

Yes, the advice letters will be in response to the MHP decision, which authorizes a pilot program for IOUs rebuilding private electric and gas systems at mobile-home parks. The costs for the rebuilding will be recovered in rates to all customers. I guess I'd call that more reliability/safety, but it's both electric and gas. If your end is like my end, it wouldn't be obvious who would get the case.

yours,

sid

Are the ALs in response to a decision? Are they rates or reliability?

Molly –

Hi there! I am wondering – could point me to the ED person working on mobile-home parks? I am hoping to talk to somebody about the ALs for it.

yours,

sid
