Liza,

I would also like to thank you for allocating time from your busy schedule to meet with Laura and I earlier today.

It was great to catch up on many of the in-flight items.

Have a great weekend.

Sumeet

Liza

Thanks so much for your time today!

It looks like Ken's team will come out to San Ramon the week of the 21<sup>st</sup> to talk about tree roots.

Thought you might like to have the latest gas ops org chart.

Also, as you are thinking about your trips to Sacramento, we will be doing Picarro/leak optimization pilot program work in Vacaville starting the week of the 21<sup>st</sup>, and I believe moving east closer to Sacramento after that. So perhaps you might want to arrange a field trip to that with some of your Sacramento-based team if that's of interest.

Laura
