Erik,

FYI. This is a follow up to our meeting on April 2<sup>nd</sup> where we agreed to provide more information to Energy Division on backstops in the eastern markets. We also are likely to be getting information regarding the CPUC/FERC meeting last week.

You are welcome to join us if you would like to.

Peter

Hello Peter and Candace,

It seems like asking Candace to have a meeting while she's on vacation this week really wasn't fair.... Both of our calendars are fairly clear next Monday but I was having a hard time reserving a meeting room, so sorry for the "first thing on Monday morning" meeting.

The purpose of this meeting is to follow up on some research PG&E is doing regarding CPM type mechanisms and "residual" markets in other states.

Thanks,

Meredith
