Subject: PG&E's Advice 4387-E (Electric Rate Adjustments)

Dear Don,

PG&E did not receive any protest for Advice 4387-E. Could you please advise whether Energy Division would be likely to approve PG&E's Request in the advice letter? It would be great if PG&E could get some indication so that we'll have sufficient lead time to inform our IT department accordingly, to implement the rate change effective May 1, 2014.

Following is the link to Advice 4387-E for your reference:

Thanks and Regards,
