Sunil

I am still having some changes made to the presentation to ensure that it provides the information that is desired. I will not have the final version until the end of today.

I will send it to you then.

Regards,

Joe

Joe,

I don't believe I ever received the information I requested in my April 1st e-mail (below). I would like to receive it this morning since our meeting is tomorrow.

Thanks, Joe.

Sunil

Joe,

I apologize for the delay in responding. I believe a meeting in person would work best. As much as I don't want to make anyone do spreadsheets; however, so we can have a more effective meeting, I would like to obtain and review the information prior to any meeting. Also, on another note, what is the progress on a response to the information which I requested during the March 7th meeting on the additional transmission line mileage noted in the GT&S filing?

Thanks, Joe.

Sunil

Sunil

I don't believe that I received a response from you on this topic. How would you like to proceed on this topic?

Thanks,

Joe

Sunil

I just wanted to give you an update on this and let you know that our anticipated completion date of March 31 may slip a little.

When we are completed with this analysis, how would you like this presented to you? A workshop? A spreadsheet (not preferred on my end)? Other method?

Thanks,

Joe
