Hi Laura,

Just a quick note to let you know the SED investigator is Nathan Sarina (not Mason).

It is easy to sit up and take notice.

What is difficult is getting up and taking action.

Subject: CPUC update

Just spoke with Liza. She wants me to send an email tomorrow morning to the following SED team: Liza, Dennis Lee, Ken Bruno, and Mason Sarina (the investigator) with the following basic message:

We have the draft and will have comments and the final report out next Monday, but we are sharing a hard copy of the draft tomorrow morning with the Carmel police chief as a courtesy. I'll add if they want to get a copy of the draft before Monday's final we will be happy to provide that as well.

She doesn't think they will want/need it, but she does believe it's important to make clear that another party will have the draft tomorrow.
