Meredith,

Thank you for getting this set-up. The student cancelled on me in the last minute in the morning... some family thing came up. Ugh. Anyway, I ended up just heading out myself. It was a nice excuse to get out of the office. Thanks again for setting this up – it would have been a great learning experience for Madeleine and it's a bummer that she couldn't make it.

Thank you very much for taking the time out of your busy schedule to give me a tour around the substation today. I really enjoyed it and learned a few useful things about physical security. Too bad the student couldn't join us! Please send my best and pass along a "thank you" to Redact as well (I don't have his e-mail). Best of luck with all your work and I'll probably run into you again sometime in the future.

Best,

Liza
